STAFF 2008-2009

Reflecting on where we have come from and recognizing our accomplishments is one way to determine success. Creating memories of the past allows us to realize where we have come from and enables us to shape our future. Hopefully the memories that you have created this past year at Steele Heights are illustrated in the pages of this yearbook and you can look back and fondly remember your successes.

Thank you for making Steele Heights your school of choice and I hope that you had a very rewarding and successful school year. It has been a pleasure and an honor working with you as the principal of Steele Heights. Your commitment to building a positive community together at Steele Heights is very much appreciated. Being a positive citizen and contributing member to our community has provided you the opportunity to make a difference in the lives of those around you. Every friend, every teacher and even friends you have yet to meet will play an important role in your future. Be wise and keep those influences close to you as you embark on life's journey.

*The greatest success is to put your heart and soul into all that you do.
- anonymous*

May you live each day with this quote in mind and reap the rewards that life has to offer.

Your future is waiting for you go out and capture it!!
